PROFESSIONAL SUMMARY

Junior Front-End Developer with hands-on experience building responsive, user-friendly web applications using HTML5, CSS3, JavaScript (ES6+), and React. Skilled in applying UI/UX principles and delivering clean, performant digital experiences. Holds multiple industry certifications and a strong academic background in IT and Computer Sciences. Eager to contribute to a collaborative team and grow in a professional development environment.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript (ES6+), React.js, Next.js, Responsive Web Design, Flexbox, Media Queries

Backend: PHP, MySQL

Tools & Platforms: Git, GitHub, Visual Studio Code, Vite

UI/UX & Design: Figma, Adobe XD, Draw.IO, Lucidchart

Soft Skills: Problem-solving, Attention to detail, Time management

EXPERIENCE

Junior Front-End Developer (Freelance / Personal Projects)

Self-Employed | 2023 – Present

- Designed and developed multiple responsive web applications using HTML5, CSS3, JavaScript, and React.js, ensuring cross-browser compatibility and mobile-first layouts.
- Applied UI/UX principles using Figma and Adobe XD to wireframe and prototype interfaces before development, improving overall usability and visual design.
- Used Git and GitHub for version control, branch management, and project documentation across all personal and collaborative projects.
- Debugged and optimised web applications for performance and responsiveness, reducing rendering issues and improving load times.

PROJECTS

Community Content Platform

Personal Project | React.js, JavaScript, CSS3 | 2024

- Built a React-based platform to dynamically display creators and news content, serving as a centralised hub for community-generated media.
- Implemented category-based filtering and search input functionality, enabling users to find relevant content quickly.
- Optimised image rendering and component structure for performance, reducing unnecessary re-renders through efficient state management.

CERTIFICATIONS

- Responsive Web Design — freeCodeCamp
- Certified Web Developer — Udemy
- Front-End Development — Simplilearn

EDUCATION

NQF Level 4 — IT & Computer Sciences

Nkangala TVET College | 2022 – 2025

- Computer Programming — 78%
- Life Skills and Computer Literacy — 87%
- Data Communication and Networking — 71%
- Multimedia Services — 68%
